From my heart,

Easter Sunday was such a blessing. So many things come to my mind as I type this AM. Above all else, we were reminded and celebrated - Jesus is Alive!! He died, was buried and on the third day, He arose from the grave. Halleluiah! As pastor, my heart was so full all day! I so enjoyed the entire day with you our church family. Thank you for loving Jesus, others and loving us like you do. I am one blessed pastor! As we move on, what now? A couple of things come to my heart. One, little by little from this month on I hope we as a church can begin to open up more and more of our ministries and services. For instance, this week is Victory Home meal, take a look at the info in the newsletter for more info, but going back is huge. Hope it is just the beginning. Secondly, we can see Easter as a daily way to live not just a one day to celebrate. To live our lives knowing that we too must die daily and be crucified with Christ and then daily live our lives in the power of His resurrection. It is Easter living if you will! Hope to share more about this thought! Love you all!!

Pastor Michael

P.S. Next week I will be in revival at White Creek Baptist Church. Would appreciate your prayers and love to have you visit!

Victory Home Meal Friday Night!
