April 26th - May 2nd

What a great truth! Just like spring, God loves bringing new growth to our lives if we allow Him as the Master Gardener to work. One of the places He loves to work comes as we gather with His people at Church. Makes plans to be in church this week and let Jesus weed out the bad and make something beautiful in your life right now!

Wednesday Night @ 6:30

ONE Service Sunday morning @ 10:30

Both In Person or Online

Robertstown, Georgia

From my heart,

I never have liked doctors. Even as a child I didn't like going to doctors. Back in the day, after the doctor would give us a shot as a child, they would give us the empty syringe to play with it. My mama told me a story of one such visit and the Dr gave me the empty syringe to play with and then he turned his back and I wanted to repay the favor and I made a run at his 'backside!' As she put it, I would have got him good too if she had not got to me first. The older I got, going to the Dr was the last thing on my list. Over these last several years it was because I knew what he was going to tell me on one hand and on the other, I was afraid what he would find. Truth is, that mindset got me in a bad place with my health. Since Covid, I have tried to have a different take on my Dr visits and conversations. Now see I need to go and listen and follow for better health. The same is true in our spiritual life. Dr. Jesus knows our spiritual state and we often are afraid to come to him, knowing what He will say or what He will find out. Truth is, He already knows and loves us still. And, He is the only one that can not only tell us where we are in our soul, or spiritual health and tell us how to get healthy in our soul. For the next several weeks, as we ask the question - how is our soul, it is this pastor's prayer that we come to Dr Jesus and let him bring healing, rest, restoring of our soul. That we might as John the Apostle said, prosper in our soul!!! Know that this pastor loves you all. I am honored to be your shepherd. PM

Its that time again! We missed last year because of Covid. How exciting to be able to play again this year. It is open for anyone, 18 years or older. If you would like to play, please contact Nash Vandiver @ (706) 878 - 0790

Wednesday May 12th

This will be the first one in over a year. It will be the service for that night. Hopefully we will have a box supper from Chickfila before the service. It will be a time to catch everyone up on the last year with old business and the finances plus updates from our deacons and a time to give input to plan to open everything back up moving forward.

It has been a joy to see so many come
back to church!

In this season of life, even lost people
acknowledge that what is missing in
people's life is being involved in church!

Listen to Martin Seligamn, a brilliant
phycologist with no religious ax to
grind:

“People have replaced church, faith, and community with that tiny unit that cannot bear the weight of meaning. That unit is self.”

Even for an unsaved Dr, he knows the
benefit of being among God's people.

No better time to come home, come
home to church!!!
